## NPS - PRAYER

*I have a dream, a song to sing  
To help me cope with anything  
If you see the wonder of a fairy tale  
You can take the future, even if you fail*

*I believe in angles  
Something good in everything I see  
I believe in angles  
When I know the time is right for me  
I'll cross the stream, I have a dream*

*I have a dream, a fantasy  
To help me through reality  
And my destination makes it worth the while  
Pushing through the darkness still another mile*

*I believe in angles  
Something good in everything I see  
I believe in angles  
I'll know the time is right for me  
I'll cross the stream, I have a dream.*

### **From the Office Incharge Desk**

*Education is not a destination but a journey in itself that turns an entity into a human being which is the biggest need of the hour.*

The core purpose of education is to provide children with a learning environment which brings out the best in them. We believe that every child is endowed with a unique set of attributes and abilities, which needs to be nurtured so that they blossom. Therefore, every child deserves an education that fosters academic excellence and all-round development, and ensures their well-being. We are inspired by these tenets in everything that we do at NPS GURUKULAM PUBLIC SCHOOL.

We, at NPS School, look at children as individuals and not as a class. We groom and nourish each child independently, for all required distinct attention. We build an atmosphere where each child explores multiple activities, and experiences challenges to find his/her own strengths. Our curriculum has been especially designed to make it inclusive; where physical, emotional and mental needs are equally significant.

The school, next to the family, takes special responsibility in equipping children with the right attitude and skills that would help them become winners. Modern infrastructure, continuous realignment of curriculum, pedagogy and committed and skilled teachers are the ingredients of NPS School.

We understand that education is not just a process of giving knowledge for a high profiled job but a lifelong process which creates an understanding of moral and ethical values to guide and make our students morally upright citizens of the country. I welcome parents and students to be a part of this NPS family to share common ideas and inspirations as we build through a challenging and enriching educational experience for our students.

**Our motto is to strive for excellence and enlighten the guiding light for the grand vision that we have for our children.**

## SCHOOL EDUCATION AND ENVIRONMENT IN TODAY'S PERSPECTIVE

School education in India has undergone a rapid change over the past decade. NCERT released the National Curricular Framework a couple of years ago which suggested seminal changes in the way teaching-learning was happening in schools in India. The focus is now on an integrated syllabus with focus on interlinking of ideas and concepts across subjects to facilitate better understanding and knowledge rather than learning by rote.
